

NOTIFY ME Information

Once you've read below, please login to www.bakerlionspride.com and on the left side of your screen, under MEMBER FUNCTIONS, click on NOTIFY ME. Check out your selections to ensure you are "all set" and receiving site emails the way you want to! Also, once you are in the "Notify Me" Section Scroll down and you'll see the "Profile Subscription" Section.... Read through it and see if you want to participate.... <: Tez

NOTIFY ME provides the options listed below - offering you a convenient way to keep up with what's happening on the site by email. Whenever an option you have set to "Immediately" generates an email, any others set to "Once Daily" will also be sent at that time (this helps reduce the volume of emails you receive). All changes you make to the pages are immediately saved.
